

# Wirtschaftspolitik: Internationale Währungs- und Finanzmarktpolitik

**Course in English!**

The goal of the course **International Monetary and Financial Market Policy** is to understand the theoretical underpinning of **European monetary policy** and the institutional design of **European Economic and Monetary Union (EMU)** and to see how they work in practice.

How is the performance of EMU? What challenges do EMU and the Eurosystem face, especially challenges from EMU enlargement? What role do **European banking supervision** and **financial market stability** play?

**SoSe:** VU und PS integriert (geblockte Abhaltung)

**LV Leiterin:** Priv.-Doz. Dr. Julia Wörz, zusammen mit Expertinnen von der OeNB;  
**Ansprechperson vor Ort:** assoz. Prof. Dr. Andreas Exenberger
